QR Code Link to This Post Lowell based business providing the best in 8mm and Super 8mm film digitization as well as scanning and correcting all your pictures, negatives and slides. We also digitize all your old video tapes and convert them to archival quality files and DVDs.

We help you preserve and display all your memories on Archival DVDs, along with high quality USB drives and files optimized for posting and viewing on the internet.

Home movie film tends to deteriorate, shrink and gets quite brittle making it near impossible to project. We digitize your film one frame at a time, stabilize and color correct the images and provide you with High Definition (1080P) video you can be proud to share with friends and family for many years to come.

If your films are sound we clean up as much of the static and noise as possible, and if your film is silent, we provide appropriate or customer provided music.

We provide you with quick turnaround, no waiting months for your work to be returned. Our DVDs are delivered on high quality Archival disks presented in customized DVD cases and standard or gift boxed USB drives.

We also provide you with High Definition Internet ready files you can post on line or share with friends and family anytime. These files are optimized to be displayed on pc's , tablets or smart phones.

We do not have fancy pricing schedules and do provide discounts for large orders.

Our pricing is as follows:

\$30 dollar set up charge per order which includes cleaning and lubricating the film and taking care of any film breaks or poorly made splices and provide new leader for each roll of film.
 125 cents per minute for silent film, 8mm or 16mm film, mix of color and black and white.
 150 cents per minute for super 8mm color film.
 We provide you with a choice of DVD or a USB drive with your order and a high quality DVD case available at 10 dollars each or \$20 for a nice additional case.

We can provide you with a gift boxed presentation quality USB sticks for \$30 dollars each if required. They make really nice gifts and provide high definition video files that can be used for sharing or web posting.

We also digitize most video formats, VHS, DV, High 8 etc. for a flat fee of \$15, and can incorporate these with the film video.

We scan, digitize, and color correct and fix most photographs, negatives or slides up to 8 1/2 inches and can also include these digitized files on the DVDs and USB
