You deserve a Break on Electric Rates..., Especially during the Long Cold Winter Months..? Well here's your chance.....

This rate of 6.5 cents/kwh is good for 6 months with NO Penalties or Contracts that "lock you in..." only to be charged an early Termination fee trying to get out of the darn thing...!

Plus, after switching to our service, you can actually get FREE Electric under the right conditions! And, if you choose, you can make extra Income, between \$50-\$75 p/hr PT from home...!

To Explain how simple this all is, all I need is you to text or call to JP (John Peter) I look forward to making your winter bills more affordable! You MUST sign up THIS Month of December to lock in for 6 months.. Rates go up New Years!
