This car would make a very nice economical for someone with family(or not)--nice comfortable ride, drives well, decent on gas(owner's son states he received 18MPG with this car). It's had one repaint on a rust free body--decent but not a \$10,000 paint job. The front seat has a rip in it(a nice seat cover would work). Always well maintained and garaged. Engine is a 350 cu.in with an automatic transmission, power windows, a/c(not hooked up), original am/fm radio, power top. Everything works--recent carburetor, brakes, good tires, etc.. Mileage is original at 84,350. If you can't afford to purchase a \$35,000 show car(which you might be afraid to drive anyway), why not a very nice and tight presentable street cruiser to go cruising or to car shows with? Son has a lift and is willing to put it up to show the rust free undercarriage. Asking \$9995.00/BRO. For more information call or email.
