compensation: varies with skill level, work ability and availability

We are a full-service maintenance and preservation servicing company that is currently seeking honest, hardworking, quality property preservation specialists, contractors, and general handymen to service and manage bank owned properties through all phases of the foreclosure process. Applicants must understand the requirement of completing work according to HUD guidelines as well as the individual client's requirements and understand the importance of due dates

Duties include completing the requested items on a work order and taking complete, detailed photos documenting all work performed and all bids placed. Clear and detailed photos are the basis of how we are paid, so attention to detail is a MUST. All potential independent contractors must have the following basic requirements to receive work order from us:

- * Truck & Trailer to haul away debris from properties
- * Lawn equipment: i.e., mower, weed eater, blower, etc
- * Generator, air compressor, and winterization equipment
- * Smartphone/ Tablet or device that can access websites and mobile apps while on site
- * Digital camera and average degree of computer literacy

* Helper/Partner if needed

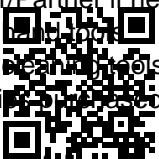

Basic tools and equipment
Basic knowledge of tools and equipment
Supplies provided by the company include: fuel, oil, dead ends, cutters, hammers, nails, ladders, and other supplies. We also provide V anti-static clothing.

We offer a full support staff, in-house processors, and unparalleled support to the contractors in the field.

We are a 100% transparent company where the contractors are paid weekly after a one week hold back and we pay out to the contractor network every
