We just moved to a new house in September & our roomie is moving on after getting a dream job offer in Utah.

The room is the tiny one in the house, at just about 10x10, and its got a slightly slanted ceiling, so likely best for folks under 6'0!

The House is huge, with a giant fenced backyard, front porch, back porch, amazing 200 year old sycamore, central air, fiber gigabit-internet, amazing windowed kitchen nook, along with two big living room/dining rooms on the first floor, and a giant 2nd living room area in the basement.

me: 33, (he/him) super into art, games, film, social justice, technology, and education. Just won PBS's Digital Innovator of the Year for the state of Oregon so im pretty profesh about it all (i show off abit here: <https://www.youtube.com/watch?v=KOuNs9SICsM>) Just moved over to Parkrose Middle School after six years at the SEI Academy in North Portland. I think a love of Saga and Steven Universe tends to be a solid barometer of character :D
