QR Code Link to This Post Generac 3100 Psi 2.7-GPM Pressure Washer

This machine runs perfect. Only 2 years old and used to wash my camper and my truck a couple times a season. So it has very low hours on the Subaru engine. Has a brand new spray gun.

First \$300 takes it home and no I don't want to trade for anything.

And YES I have it.. ask that question and you'll get no reply.
