QR Code Link to This Post I have a Dalmatian Terrier Mix... She is still a puppy... She has had all her shots and been wormed and been treated for fleas...I am needing to re-home her due to me having to move... She's very sweet and loving and very well behaved.... She's kennel trained and house trained....I am asking a rehoming fee for her of \$150.. She would make a great Christmas Present for someone...She is 5 months....
