QR Code Link to This Post Our larger-than-life Cactus property is quite the impressive remodel. The spacious corner lot provides plenty of room in both the front and back of the home, and the extra basement level allows for comfortable accommodations for even the largest of groups. The expansive backyard features an attached pool and spa with a waterfall, an outdoor air hockey table conveniently placed under a gazebo on the far side of the property, a gas grill with a side sink and extra warming panel, plenty of grass, and brick decking. The front of the property also has a brick surface and an extra sitting area. Inside through the front doors is an elegant dining area, complete with polished marble floors that line most of the home's interior. Everything has been professionally decorated, and this is prominently displayed in the remodeled kitchen, which comes with granite countertops, a wine rack and cooler, vaulted ceilings, built-in electric glass stovetops, and updated appliances.

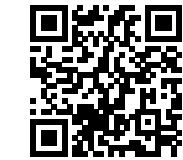

Farther in is a full game room, equipped with a regulation size pool table, a poker table, a foosball table, ample seating areas, and panoramic windows overlooking the backyard. The basement level downstairs is fitted with a bona fide home theater system that features a large screen and sound system with a built-in subwoofer, elevated reclinable seats, and a bar area. A full bathroom and two extra bedrooms are on the basement level, as well. Back upstairs in the living room is a large flatscreen TV, wood fireplace, plenty of seating, and a black leather circular couch large enough to be a bed. With seven bedrooms and five bathrooms, this property can easily host 14 people. The great location close to major freeways, golf courses, and shopping centers makes this immaculate home even more desirable.

Bed Configuration: Master-King, 2nd bdrm- Queen, 3rd bdrm- 2 XL twins (or King), 4th bdrm- 2 XL twins (or King), 5th bdrm- 2 XL twins (or King), 6th bdrm- 2 XL twins (or King), 7th bdrm- 2 XL twins (or King).
