QR Code Link to This Post I am needing to rehome our dog. We've had him for 3 years. He's 10, house trained and loves going for drives and sleeping in your lap. However he doesn't not like young children. Since our baby began crawling he growls and shows his teeth at the baby and recently my toddler niece any time they get near him. He's only done that towards them. He's very attached to my 10 year old son and is great towards him and other people in the house. So he needs to go to a home with older children (7 and up) or no children. I will not just let him go to any one, please message me for more.
