QR Code Link to This Post Math teacher(female) offers help with pre-algebra, algebra, pre-calculus, calculus, TJ prep, and SAT prep.

I work well with teens and find ways to motivate them. I also show them easier ways to solve problems than is explained in their text books, and I give them step-by-step example packets for each unit. Also, I am available for homework help by email in between tutorings.

My rates are \$45 to 50/hr from my home (by the library) or \$50 + travel fee to your home.

Currently working with students from Madison and Oakton High, Kilmer, Thoreau, and Marshall Road Elementary School.

Experience with ADHD.

Youth Advocate for IEPs.(Individualized Education)
