QR Code Link to This Post MSG is having a bypass? Hope he comes through alright. But I do not think he is much of a talent. In his own band he was the worst singer and guitar player. And he loves making fun of people.

I have heard the question: "Why didn't MSB make it nationally?" I always wondered " How did MSB make it LOCALLY?"

From what I heard his parents pumped a lot of money and connections into the band till they could not afford it any more.

There is also something unseemly about being a DJ promoting your own music.

With his background he could have gotten a successful career in medicine or business instead of lingering at.
