About the product:

High-Density Soybean Foam-Core - The original award-winning mattress that uses renewable soybeans to help create a firm foam for infants and toddlers. Lightweight yet ultra-durable soybean foam-core uses a percentage of natural and renewable soybeans grown by American farmers, providing the right amount of firmness and comfort for infants and toddlers

Feel Good Foam- The foam used throughout is CertiPur-US Certified foam made in the USA. It's made without phthalates, lead, mercury, formaldehyde, PBDES, TDCPP or TCEP flame retardants, that may be a concern in non-certified foams

Waterproof Surface & Binding: Reinforced, waterproof, stain-resistant cover with clock-style binding helps to keep liquids from seeping inside. Household messes like dust and sand will wipe away instead of sinking to the mat's surface.

Safety & Quality Tested - Firmness, durability and crib fit tested, passes American Society for Testing and Materials Crib Mattress Standards; this entire crib mattress is GREENGUARD Gold certified for indoor air quality and tested for chemicals to help create a healthier sleeping environment for your baby

Made in the USA. Sealy crib mattresses are proudly made in the USA; more babies sleep on Sealy than any other crib mattress brand in the USA. This mattress offers a Lifetime warranty on workmanship and materials.

Non Smoking Household!
