Video About Mattress: <https://youtu.be/zKFHz35-bvw>

About the product:

High-Density Soybean Foam-Core - The original award-winning mattress that uses renewable soybeans to help create a firm foam for infants and toddlers. Lightweight yet ultra-durable soybean foam-core uses a percentage of natural and renewable soybeans grown by American farmers, providing the right amount of firmness and comfort for infants and toddlers

Feel Good Foam- The foam used throughout is CertiPur-US Certified foam made in the USA. It's made without phthalates, lead, mercury, formaldehyde, PBDES, TDCPP or TCEP flame retardants that may be a concern in non-certified foams

Waterproof Seals & Binding - Reinforced edges, waterproof and stain resistant with lock-stitching help keep liquids from seeping inside the household. Grease like dust and water will wash away instead of soaking into the mattress surface

Safety & Quality Tested - Firmness, durability and crib fit tested, passes American Society for Testing and Materials Crib Mattress Standards; this entire crib mattress is GREEN GUARD Gold certified for indoor air quality and tested for chemicals to help create a healthier sleeping environment for your baby

Made in the USA - Sealy crib mattresses are proudly made in the USA; more babies sleep on Sealy than any other crib mattress brand in the USA. This mattress offers a Lifetime warranty on workmanship and materials.

Non Smoking Household!
