QR Code Link to This Post I have these 2 trucks that i am planning on selling or trading for something else

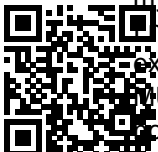

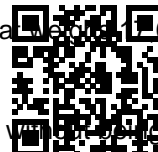

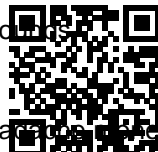

first up is a 1983 GMC K2500 4x4 ,, this truck has a carburated 350 with 4 speed manual runs good , drives ok , decent tires ,everything works heat , wipers , lights ,, Non AC truck , engine was rebuilt sometime before i got the truck , in 3 years i have put 5000 miles on this truck rusty but trusty the body is crap but for someone that had another cab it would be a great truck only issues with it are minor has intake manifold coolant leak due to a broken #1 intake bolt other problem is needs a turn signal switch asking \$1500 for the truck Cash or trade

the second truck is a 1989 ford ranger extended cab 2.9 V6 5 speed truck , everything in this truck works except the AC ,,body not that great but far from rusted out truck runs excellent has 99K miles on the body and 50K on the engine ,engine came from a wrecked Aerostar van only issues are minor , it needs the brakes bled and one tierod is loose would like to get \$2000 cash or trade ,,

now as for what i want to trade for  
 I will trade either or both of these for the right truck , they both have clear titles in MY NAME

my primary need is for a TRUCK ,, 3/4 or 1 ton 4x4 need something capable of towing a 5ft 5th wheel camper that is 3000 pounds extended cab ,, great , MUST HAVE V10 diesel engine , not worth repairing , runs good ,, so long as it drives with out a head on a icy pit

NOT interested in CARS , boats , guns , furniture or electronics  
 call or text me , or Email ,, DO NOT text pictures ,, I CAN EMAIL PICTURES
