QR Code Link to This Post Thanks for viewing our ad! We are a husband and wife musical duo based in Washington, DC who enjoy making music together. Erika is a classically trained violinist and Curtis is a guitarist/bassist who comes from the world of pop, rock, and jazz. We meet in the middle and specialize in songs that everyone knows and loves from traditional wedding fare to modern pop favorites.

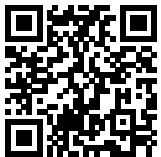

Our duo is perfect for adding a special touch to wedding ceremonies, cocktails, banquets, picnics, birthday parties, and any sort of occasion where you'd like to have great quality music in the air, but don't want a loud band overpowering your event.

We are willing to tailor our song selection, sound, and look to fit the vibe that you envision for your event. We're comfortable in the spotlight as well as hidden in a corner or behind a tree if that's what you want.
