Providing professional home care for children For 15 years. I accept children from new born to 13 years of age. I am up to date on all my immunizations and have passed background and criminal checks. I provide a safe and clean environment for all children in my home daycare. I also provide breakfast, lunch and snacks. I follow all guidelines in developmental growth in areas such as mental, physical, cognitive and emotional. I use activities and materials that assist in the children learning such as reading, writing, singing, dancing and self motivation. All children once they have reached the age for potty training I focus strongly on the training. All toddlers leave my day care and move on to Pre k fully potty trained and independent.
