QR Code Link to This Post I'm looking for a Rose Gold Iphone 7 that was lost / misplaced / stolen at Armstrong High School or nearby on November 29th (after school). The last half of the serial number is 3CHG7N. The phone has been black-listed through T-Mobile, so it will be of little use to anyone who has it or acquires it.

If you happen to find this phone please return it to the security office at Armstrong High School (immediately through the front door) or contact me via e-mail through this posting. If this was theft no charges will be filed, I am only interested in having the phone returned.
