Cadillac Escalade in great shape. Runs & drives fine; as an Escalade should. Fully loaded. Sunroof, Cold A/C, Power Everything (even Power Folding Side Mirrors), 2nd & 3rd Row Bucket Seats, Navigation, Air Conditioned Front Seats, Remote Start, Power Rear Liftgate, Etc. Like stated above it's completely loaded with all of the options. Also has the rear entertainment DVD system with 2 wireless headphones & remote. Clean title in hand. Interior is ridiculously clean, with virtually zero wear. Exterior shines nicely as well. No worn buttons or leather like many others. Recently installed 24" black 2015 Escalade Style wheels with new tires & sensors. Also recently performed the following maintenance items:

New drilled/slotted Rotors all around
 New Brake Pads all around
 New Upper Control Arms with New Upper Ball Joints
 New Lower Ball Joints
 New Motor Mount
 New complete Front Shocks/Struts Assembly
 Oil Change with Mobil 1 Synthetic
 New Front & Rear Emblems
 New Spark Plugs & New Wires
 Refinished Headlights

As you can see I've spent a bunch of money getting it right for the new owner.
