This is the SEL package. All maintenance has been done on this vehicle and there are no issues what so ever. Oil was just changed at 89,500 miles. (Today) Drive it anywhere, it's not going to let you down. Full synthetic oil always used every 3000 miles.

I am looking to trade for a car with good gas mileage or maybe a truck. Corolla, Fusion, Altima, F150, Silverado/Sierra, Ranger.

The past year was brutal on the parking lot. The damage is not extensive but I have lowered my price to reflect it. As is, the book would have a \$1500. But I wanted to disclose it to anyone who might look. I have included a picture of the worst place on the book so you can see what the damage looks like. I have the 1 year warranty for a year of use and any other parts and covers. The interior is clean too, but I have spent \$2500 on the book. I have a new on my phone. please do not waste my time with lower offers as my price is much lower than similar vehicles locally.
