This is the SEL package. All maintenance has been done on this vehicle and there are no issues what so ever. Oil was just changed at 89,500 miles. (Today) Drive it anywhere, it's not going to let you down. Full synthetic oil always used every 3000 miles.

I am looking to trade for a car with good gas mileage or maybe a truck. Corolla, Fusion, Altima, F150, Silverado/Sierra, Ranger.
