QR Code Link to This Post We bought a house in August near downtown Des Plaines and need a handyman for some random household jobs. We will pay cash. Here's a quick list:

Satellite dishes and an old TV antenna on the roof which need to be removed. We have a ladder.

Gutters cleaned

Replace a piece of siding which the wind blew off last week (piece is destroyed and need new piece)

Water line in attic needs to be removed (was there because the former owners tried a humidifier on the furnace, which is up there)

Bathroom fan needs to be replaced

One light switch doesn't work

Various other things. We have the recent inspection report.

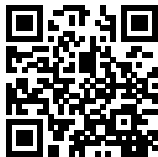

If you can assist with any or all of these, let me know how much cash you'd want for the work which you can handle. Don't offer to help with a particular issue if you aren't sure you'll do it right. Contact me by email and I'll respond within 24.
