I am a family med & preventive med resident at MedStar and Hopkins and my housemate is also a doctor from Nigeria. We are both doing our Masters in Public Health at Hopkins currently, which is convenient as the medical school, the hospital and the public health school is a short 10 minute walk away. The room is a basement suite with its own bathroom and direct access to front of the house. It is in a safe block with friendly neighbors. Tenant will evenly split the costs of gas, electric, and.
