QR Code Link to This Post This is the best deal for a turbo diesel 5 speed two and a half ton truck on Craigslist.

6.5 Detroit Turbo Diesel with a 5 speed!

This will get twice the fuel economy of most trucks and still is rated at two and a half tons. Disc brakes all the way around, twin fuel tanks, a/c, 12ft bed, 10 lug axles, rated to tow 17k

It's not the prettiest it needs a little love, but cleaned up it'll be worth double what we're asking.

Clean title, we want a quick sale, first real cash offer takes it home

may be willing to do part trade
