QR Code Link to This Post 37 year old guitarist looking for local musicians to get together for a regular jam. I would like to put together an original band for shows, but am interested in just jamming and hanging out as well.

I have good equipment and lots of experience, and enjoy playing almost any kind of music, though ideally I'd to play some straight forward rock and roll. Or at least something in the spirit of 60s/70s rock (Zep, Purple, Motorhead, Who, Neil Young, Allmans, Stones), early punk (Clash, Damned, Dictators, Huskers), and some modern stuff like The Bronx and Clutch, earlier My Morning Jacket you know...rock and roll.
