

Ford 871 Diesel Golden Jubilee Farm Tractor (1500 USD)

Location **Montana**

QR Code Link to This Post This tractor is a great restoration project as the Golden Jubilee model is very rare and collectable. It is missing the injector pump and fuel lines and needs tires. Engine is stuck but cylinders have been liberally oiled with Marvel Mystery Oil and will most likely free themselves with a little persistence. Has the 10 speed Select-o-Shift.
