QR Code Link to This Post Classic plymouth barracuda notchback, 318 V8 automatic good running car had a tuneup last fall. Paint is decent for this year of car. it has good tires on it, I put a new stereo and speakers in and put on a grant steering wheel. seats have been painted along with door panels. Some rust on floorboards, mice have chewed holes above sun visors but have a new one in box original hubcaps stereo and steering wheel will go with the car. clean title I would love to keep the car but don't have the time and money it deserves. Great car for car shows turns heads all the time. \$12,000 cash obo no trades willing to make a good deal to the right.
