The job is an internet based position and we are seeking a few more "secret" "shoppers" in the immediate area!

Skills needed for this Job include: access to a desktop, laptop computer or mobile device and an internet connection. This part/time position offers the opportunity for each employee to make his/her own hours and work with a small time constriction. We encourage all of our employees to try out an array of online site product trials, and products and services at no charge to them. As a result of this, the bulk of our analysts work part/time and are able to make an additional source of pay without taking all their time sitting in front of their computers.
