QR Code Link to This Post We need to rehome a 2 year old female Boston that is chocolate in color. The rehoming fee covers the cost for her to be spayed. She is a pure breed akc Boston. She is up to date with all vaccines. We are taking applications for her. She loves to be with people and does well with children. Please send a message telling us about your family and why your home would be a good fit for her. Serious inquiries.
