

Harley Police Seat (400 USD)

Location **Michigan**
<https://www.genclassifieds.com/x-793358-z>

QR Code Link to This Post Complete Harley Davidson police seat setup that comes with everything you see here. Includes all necessary hardware for complete installation. Also included is an attached (can be removed if desired) Utopia backrest plus a Mustang passenger pillion that is recessed specifically for this police seat application. Everything is in like new/excellent shape and I only had it installed on my 2016 Road King for a very short time. The seat features the spring shock system as opposed to the older leak-prone air bladder setup. I was told this seat came from a 2016 Road King Police with 8 miles on it and based on the condition, I believe that to be the case. Very comfortable seat that rides super smooth. Price is \$400.00 firm. Text me with any questions you happen to have and thank you for your.
