QR Code Link to This Post The project I schemed up is to do a nude series using an instant camera.

This type of camera is ridiculously cheap, gives the person using it almost no control over the image what so ever, and allows me to BS potential models by saying things like "it makes a very small image that gives a very soft, fuzzy, dreamy, vintage image quality". So perfect for a creep like me that owns no real equipment, has no experience with photography, and wants to scam women into getting naked.

You need not have any experience.

I would prefer that you be attractive and fit.

Loving art and being open minded [wink, wink] is def a plus.

I can pay \$80 per hour, but of course I will try to get you pose for free. First session will be two hours.

Please write and send a photo or two. I want to see what I'll be getting up front.
