QR Code Link to This Post I bought my first Chameleon, a female Jackson, two months ago. Two days later she had 11 babies, all are doing wonderful n getting bigger. However we don't have the space or time to keep them all. So I'm starting to look now, even though they're not quite ready, for new homes for them. They're 7 weeks old today and will be ready for their new homes on January 16th. Anyone here interested in adopting a Jackson baby chameleon next month? Located in St. Charles MO asking a \$75 rehoming fee to ensure they go to a serious buyer. 8 have been spoken for so we have 3!
