So I am looking for information on how to get a contractor license.

I love in Hudson nh.

I have a lot of framing projects I need to do on my own home.

Adding on 2 additional 1 level room and adding a second room above another room.

I'm very handy and may be cheaper and less cost to get a carpenters license.

I know this is not a gig to offer, but if you have time and knowledge to help me out on my first steps to proceed with.

I would really appreciate it.

Thank you in advance.

Zelio
