QR Code Link to This Post I am a recording producer/engineer/artist developer. I have worked with a healthy list of national, international and local groups and artists on a variety of projects.

I am available for projects this fall for artists that are a good fit with how I work.

I primarily work in indie rock, folk psych, punk, etc. Get in touch and I will give you more of my background, some links and my rates.

Keywords: studio, recording, production, mixing, mastering, songwriting, guitar, bass, drums, tape, tracking, EP, Record, needed, wanted,
