QR Code Link to This Post Please help me in writing and/or editing into a four series article showing how real estate related corruptilm involving mortgage fraud after my vulnerable family was targeted by an attorney/title agent who stole over 17 homes in NY using notary fraud, perjury, gross and impermicible conflict of interest, money laundering, mortgage fraud but worse of all, he eviscerated my vulnerable family who he knew suffered many traumas - the murder of my beloved brother's 8 year old daughter, the wrongful death of my brother when 911 failed to send an ambulance after FOUR 911 calls and then assaulted me when I yelled for them to get an ambulance. Instead they hog-tied me (a 5 foot short 95 pound female) and left my elderly mom alone while she suffered a stroke which could have been treated immediately. They said I reported an officer years prior so this is what I get. I now have no family. Mortgage fraud ongoing with Westchester refusing to help with foreclosure prevention. Eviscerating a precious family can NEVER be forgiven. Help me write this in a 4 part series or less if possible. In memory of my beloved family I must save my home, re-create an organization in my family's memory and save my home to allow victims who are deprived all rights and deprived all help to have a safe retreat to obtain needed support emotionally, physically and legally. Our Constitution no longer protects us but that must be changed. Help me help others and myself. This should not happen to any human being.

I would be happy to meet in nyc, bronx, Westchester, anywhere, and explain more and answer any question. Sincere thanks.
