QR Code Link to This Post This sale is from closing and liquidation of a product line of the largest manufacturers of Baseboard heating in the world because of the passing of the Owners. All the tooling and inventory and machinery cost over \$380,000.00 to make. The company Manufactured all kinds of products and this is one of the successful products it made it is a complete Manufacturing Business for a Portable Security Bar that fits all doors and Sliding glass doors. It was on QVC two times. If you want to see one of the shows on QVC and see how the product works you can go to YouTube and type in MIGHTYBAR TV (Link) to see the show. All the manufacturing equipment Tooling, Dies, Air Tables, instruction sheets, hardware, boxes Etc. The Security bar was Invented and designed by Suntemp Industries one of the largest Manufacturers of Baseboard Heating in the world and were all made by professional tooling companies so that you will be able to manufacture hundreds of thousands of the product. It also comes with all the instruction sheets, Warranty sheet, Patent on the trade name "MIGHTYBAR" along with all the contacts to suppliers. It also comes with around 2,000 \$50,000.00 worth of Inventory of new security bars that are individually packaged and also more parts to make even more that you can start selling before you have to manufacture more. All the inventory goes with the sale. This is a made in the USA product and was designed and engineered by top Tooling companies. The dual security bar is completely portable and made with strong tubular steel with a solid plate steel hinge. The rubber tips and fork are designed to keep tight against your doors and it is completely adjustable to fit most doors. It has never been launched other than the success it had on QVC. The new Patent Trade name MightyBar was approved in 2011 and has never been marketed under that name. It also has never had a web site. All the equipment and everything has been in sitting in a controlled water tight storage and is all in great working order ready to start up and start manufacturing the product. It also was laboratory tested to hold over 1,000 LBS of pressure that will keep doors protected and intruders out. It is a great product and it is the kind of product that everybody can use. The Owners had passed away and that is why it is being sold. The potential of this product is unlimited. It also can be called a "AS SEEN ON TV" product because it was on QVC on National TV. It can be sold for protecting your sliding glass doors and regular doors from intruders and used for homes, business, college dorms, work travel, hotel rooms Etc. The attached pictures are just a few pictures there is more items that come with the entire line. If you have any questions you can reach me at
