I am selling my mid-century dresser. It's probably in 6.5/10 condition or so, has some scuffs on right side and at the feet, etc. Its a veneer also if you can't tell and was widely produced. The scuffs are pretty deep. I am just trying to sell it for what I bought it for about 10 years ago. It has been moved a few times but in the dark you can't really tell it has defects. Its about 4 feet tall x 2.5 feet wide. Not sure who made.
