

Ring (500 USD)

Location **North Dakota**
<https://www.genclassifieds.com/x-794335-z>

QR Code Link to This Post I dropped my ring this morning, it was in my pocket as fingers swell up when I walk. Might have been on east or west side of street, I walked both with my dog. My boyfriend just gave it too me yesterday and I am horrified at my idiocy. If you find it describe what it looks like and I'll tell you what it's engraved with. Cash reward .
