QR Code Link to This Post I have a female apple head Chihuahua, she's 4 months old. Her name is Lucy. due to last minute living situations and personal reasons, I can't have any animals right now. She's perfectly sweet. She's a cuddler. Been raised with kids 2 and up. Loves cats . Great guard dog. She's definitely an alarm system. Plays well with other dogs, after she barks at them. Lol please text only she needs to go asap. Rehoming fee \$300, I paid \$400 but I don't expect to get that.
