QR Code Link to This Post to remember those federal personnel that make a living by fraud.

Case in point:

On June 5, 2012 according to the Philadelphia Tribune James E. Andrews retired from the US Dept of Labor Office of Worker Compensation Program(OWCP) after a stellar career.

What wasn't reported was how Andrews, Alice Hannah, Vernicia Waters and William Staarman of the Philadelphia OWCP illegally seized all benefits because a veteran reported destruction of documents and forgery.

The goal was to create circumstances that would result in the veteran's suicide so the fraud could be covered-up.

Andrews, Hannah, Waters and Staarman got away with the fraud but like all corrupt government personnel they failed to make the vet's suicide happen and received their pay raises and bonuses anyway.

As information becomes available it will be.
