Needing help in time for Christmas, I will not ask for anything free or donated, even if it comes down to my kids not getting anything from mom and dad but I will bust my ass and work hard... :) ;)

I clean houses like a pro, actually better BC I love doing it and also making my clients happy!! Nothing better than coming home to a clean, sanitized home!! And I always love the text/call/e-mail I get once they do get home!! It makes me very happy There's nothing I can't tackle, house, garage, sheds or even the yard! I am a landscaper through the week, so it's def not to hard of work me... :) So if your in need of any Holiday cleaning, organizing, or just sanitation please just PM me on facebook, Siara Herrin.... I also have a page called Krazy Selections on Facebook! Or text, but I will have to answer text messages in the afternoon, Thanks!! :)

Here are a couple of houses to show my work!! I am also Smoker Friendly, so No Worries!!

Happy Holidays Everyone!!

And P.S. I do not clean naked, or do any SPECIAL CLEANINGS!! I am trying to make money for my kids to have a home, lights, and at least one gift each for Christmas... Me and my husband have been behind on getting everything taken care of and we have been killing ourselves really for years for what we have but extra hard this year.... It started raining at the worst time and I don't know if yall know or not, but when it rains, IT POURS!! So we have gotten the lights taken care of over (\$300) for last month, (Thanks SCE/G) and Rent mostly taken care of, so I am doing my best to do whatever I can to make some extra cash for my babies but will not stoop to stupid levels.... So again do not ask and if you do you are wasting your!!
