Spring is around the corner and its never to early to start planning your projects you want done this up comming year. Maybe get that new desk for this spring's and summer's BBQ or fix that fence that is about to fall over in a good wind storm

Lumber prices are lower during the winter so take advantage of the reduction and get the projects started

Just give me a call and lets get it done

Rates:  
Hourly (min. 4 hours)  
Or bid  
No job to small

Stephen
