

Excellent Communication For Your Roofing Experience No Surprises (Bellevue, Redmond, Kirkland)

Location **Washington**
<https://www.genclassifieds.com/x-795080-z>

QR Code Link to This Post PRC Roofing LLC has installed many beautiful roofs in and around the Bellevue area. We take the time to make sure every roof is installed correctly and in a timely manner. All employees are covered under insurance and workers comp. Employees are paid on a hourly base and not "Piece Work". Piece work is when they get paid based on the amount of roofing they install. This causes the installer of course to work extremely fast. Now, this may sometimes be beneficial to the employer, it can also cause more problems. I have seen that this may cause the installers to make more mistakes and overlook proper waterproofing techniques. This is why our crews are paid hourly. Less mistakes! Crew size consists of 5 experienced installers. Most roofs are completed in 2 days! If you are looking for a good roofing company with a good reputation, please feel free to contact us.

Thank you,
Nazaire Papillon
