QR Code Link to This Post **EDIT: I found another rider! We now have a group of two, but we need more!!

I'm looking to start a riding group here in Columbia, centered around those who ride on one motorized wheel. The primary vehicle for this is an electric unicycle, but it also encompasses these motorized skateboards with the one big wheel in the middle, interestingly enough called the One Wheel, and maybe other things as well. I was new to this sport in June of 2017 and I was...and still am...blown away; having so much fun on my professional grade electric unicycle. This turns in to a lifelong passion and you'll be hooked once you get involved.

I'd love it if more people would get into this sport so we could have friends to ride with locally! Understand that it's not cheap; it takes a pretty significant investment. These aren't toys, you are spending large dollars on pro grade devices. But if you have some money to spend and would like a rewarding, fun adventure, then purchase your first unit and let's get out and go riding. I can give you information and advice to point you in the right direction to get started, so give me a reply if you want to know.
