QR Code Link to This Post I am looking for 2 puppies that have been socialized and are good around small children, other dogs, and shows good temperament. Would like their breed to be at minimal 50lbs when full grown. Gender doesn't matter but if they are not fixed please make sure to inform me. Not too particular on breed but would prefer no pit bulls please. Please email me and let me know what you have (or send a pic if it is possible), if it is up to date on shots or coming due or needs any and if you have the shot records so that I can plan for their care accordingly, neutered/spayed, the diet they are on or any special/medical care they need and the rehoming fee. I don't mind having to travel slightly outside of the area either to meet them but will not do delivery or shipping options so don't bother with that. Thank you, I look forward to finding our family our.
