QR Code Link to This Post Macey is a drop dead gorgeous golden palomino overo mare that is safe and gentle for the whole family. She has the prettiest sweetest face you've ever seen. She is fun to ride and neck reins with ease, picks up her leads, lopes nice circles, has a nice head set, moves off your leg and has a good stop. She has the most incredibly smooth roping chair lope you'll ever ride. She's been trail ridden all over and goes through water, up and down hills, through rough terrain and over bridges. She's been ridden around dogs, tractors, ATV's, joggers and bicycles. She's been to Caprock, Yellowstone Park, Dinosaur Valley Park and The Palo Duro Canyon riding. Our friends used her to gather cattle and check fence lines. We've used her here to gather and load our roping steers. We've ponied horses off her with no issues. She's been ridden in some grand entries and parades. No matter what you're doing she always has a good attitude and isn't crabby. If you're looking for a horse that is sweet, gorgeous, broke good and will grab everyone's attention then don't miss Macey because she's the whole package. She stands for the farrier, ties, clips, bathes, loads and hauls.
