QR Code Link to This Post Used Westinghouse side-by-side standard size refrigerator and freezer. It works great, but I'm moving to a new place soon and won't need this one anymore.

The catch? It's in a 3rd floor apartment and I'm unable to deliver. It must be picked up between Jan 1 and Jan 11. I may be able to deliver for an extra charge under very specific circumstances. We can discuss details if that interests.
