Welcome to Artisan'sAtlas. In celebration of our establishment we are offering free one-year memberships to our site.

Artisan's Atlas is a newly created website designed with the express purpose of gathering together the works and links of as many local artists as possible and providing them with some added exposure at minimal expense to them.

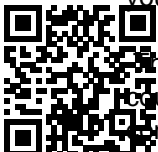

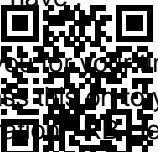

Our international directory of local artists will provide potential buyers from anywhere in the world , with one stop , the ability to find the artist they desire whether they create right down the block or a hemisphere away. Our website is searchable by medium , name or geographic location .

Those mediums include painting of all types , sculpture , arts & crafts , mixed media , photography , textiles , jewelry , drawing , woodcrafting , ceramics and pottery . Basically anything handmade .

Upon signing up each artist will get their own editable page , indexed to their geographic location , on which they can feature the works of their choice in multiple different formats as well as listing contact info , awards received , show/appearance schedules and even links to their own websites if they have them .

And so fellow artisans , now is the time to take advantage of this cost-free opportunity to become a founding member in our new venture dedicated to bringing up-and-coming artists out of their studios and into their potential audience's living-rooms , studies and yards .

To sign up now or seek further information you may contact us and we will get right back to you with how to get your gratis page up and running or answer any questions you may have.

Thank you for your time and consideration. We have greatly appreciated having shared that our website is something you would benefit from local artists could pass this on to your friends, members and associates. Any additional visibility that you might give us would be much appreciated . Thanks for your time and consideration. Kelli Herrlin - Founder & for the Artisans
