QR Code Link to This Post 1 year old
Good with dogs and cats
Neutered
Vaccinated
FIV/FelV negative
Dewormed
On monthly flea preventative
Indoor only

We found him as a stray so we paid to have him fully vetted and now will foster him until the perfect family is found.

He's loving and will rub on your legs with the loudest purr. Even comes when called because he knows he'll get petted.

If interested, please describe home you would provide and where you are located.
