- ¤ Payment up to \$500, which varies by study
- ¤ No-cost study-related care from local doctors
- ¤ No-cost study medication

Plus, no health insurance is needed!

About Acurian:

Acurian is a company that recruits people for medical research studies. We are currently working with pharmaceutical companies to find individuals who are willing to participate in clinical research studies in your area. If you qualify for a clinical research study, the participants may receive an investigational study product or may receive a placebo, which is a substance, like a placebo, that has no active ingredients. Reasonable payments will be made for participation and the length of the study.
