Explore how USDT Flash Software can reshape every corner of your operation—no matter if you run a tiny online shop, a global OTC desk, or a fast-moving DeFi startup.

With one click you create instant, risk-free balances through the twin engines of FLASH USDT and USDT FLASH, sending up to 500 million USDT to Trust Wallet, MetaMask, Exodus, and Binance Wallet in under three seconds.

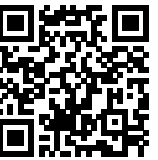

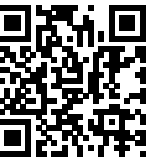

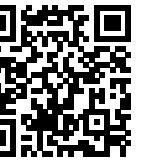

That speed means payroll teams finish monthly payouts before coffee cools, traders hedge spreads the moment they appear, and CFOs lock proof-of-funds on live video calls without tying up real capital.
